## Tips & Tricks

### Watering Rule

It's better to underwater than overwater—most houseplants hate wet feet.

### Light Check

If it's difficult to read a book, your plant isn't getting enough light.

### Low Light Champions

Try snake plant or pothos if your room gets little sunlight.

### Finger Test

Stick your finger 2cm into itro soil. If it's dry, it's time to water.

# Hello, {Alexandra}

**Let's add your plant!**

1. Connect your device to Wi-Fi (make sure it's 2.4GHz)
2. Calibrate the sensors
3. Add your plant details

Let's get started!
